For more than 20 years, Anne has assisted companies across the spectrum of restructuring and insolvency, specializing in both UK and multijurisdictional formal insolvency appointments. Anne has wide experience in cross-border restructurings, domestic administrations, and company voluntary arrangements. A further specialty is members' voluntary (solvent) liquidations supporting companies in rationalizing large group structures. Anne oversees the case progression team that brings technical excellence and efficiency to formal insolvency cases and large claims agreement projects. Anne is a licensed insolvency practitioner and a chartered accountant and holds a Bachelor of Science in mathematics from University College London.
